Plastic optical cable models

Overview

Plastic optical fiber cords, curl cords or cables with PE, PVC, or PP jacket are also available. The cable diameter ranges between 5 and 6 mm. Mouser offers inventory, pricing, & datasheets for Plastic Optical Fiber (POF) Fiber Optic Cable Assemblies. We stock a wide range of Fiber Optic Cable, such as Plastic Optical, OM3 Multimode, OS2 Singlemode & Multimode Fiber Optic Cable from the worlds top manufacturers including: Broadcom, Phoenix Contact, Fibre Data & Pepperl+fuchs. digital multimedia and the lighting industry. fibre types to suit many applications. Compared to optical fibers with cores made of silica or composite glass, plastic optical fibers (POF) are entirely made of polymer materials. Not only coatings and jackets, but also fiber core and cladding consist. Fully customizable Plastic Optical Fiber (POF) assemblies and harnesses are a rugged, cost-effective solution offering maximum flexibility for optical cabling in many industrial, medical, transportation, renewable energy, smart grid and consumer applications.
