

70 sq m distribution box

Overview

Box halogen-free ABS watertight with blind cover and pre-cut walls, suitable for low voltage distribution or small automatism. Very easy to install, which saves time in maintenance works. They can be used for power distribution, protect devices or circuit boards from dust and moisture or even provide a secure hold and protection for pushbuttons or switches and membrane keyboards. Representative image for illustrative purposes, the item supplied will correspond to the specifications indicated. In addition to the high quality, the modern designs and the numerous application possibilities of our surface-mounted distributors, we attach great importance to expertise and advice. Unique, innovative, versatile enclosure made of ABS or polycarbonate UL 94 V0 • Patented, innovative, hinged quick-release catch technology without screws: Murrelektronik's passive distribution boxes provide a much more convenient method for connecting sensors and actuators to the control cabinet.
