

# APM60T Optical Power Meter

## Overview

The Mini APM60T Optical Power Meter is a compact and portable fiber optic testing instrument designed for fiber optic network installation, maintenance, and troubleshooting. OPM APM60 is mini simple design, easy to operate. 5mm universal connector Energy save mode Built in VFL (optional) Reference value storage Power autonomy of 100 hours 850/1300/1310/1490/1550/1625nm One-year warranty and. Power Meter available in Telecom and CATV model options for measuring received optical power in an optical fiber cable network. 2 dB, Linearity  $\pm 2\%$ , Resolution 0. With a palm. Versatile Application Range: Ideal for data transmission, video surveillance, and internet cable fibra optica, this fiber optic solution caters to diverse scenarios.
