

Bangladesh Optical Line Terminal SFP

Overview

The BDCOM EPON Module is a high-performance optical line terminal (OLT) module specifically developed for Ethernet Passive Optical Network (EPON) deployments. Order online or visit your nearest Star Tech branch. It connects the internet service provider's network to users homes or offices. The OLT sends and receives data between the central office and devices like ONUs or ONTs installed at the user end. With a powerful TX output of 9~13 dBm and an ultra-sensitive RX level ≤ -33 dBm, this module supports extended transmission distances and high-splitting ratios. PON SFP Module - High-Performance Optical Transceiver for GPON/EPON Networks Upgrade your fiber optic network with our high-quality PON SFP Module, designed for seamless integration with GPON and EPON systems. This 1U rack-mounted device features a versatile array of interfaces, including 1 USB port, 4 GE ports, 4 SFP ports, and 2 * 10GE uplink ports.
