

# Bhutan Environmental Fiber Optic Cable

## Overview

The initiative involves the deployment of anti-rodent fiber optic cables spanning a distance of 480 kilometers across Bhutan. The dataset contains the information about Medium Voltage Network of Whole Bhutan at different Voltage Level i. About half of the territory runs over a steep terrain above 3000 m above sea level. Its pristine environment has vegetation good. In a significant development aimed at enhancing telecommunications infrastructure in Asia, KASHA ENTERPRISE has collaborated with Bhutan Telecom to undertake a pioneering project. Nevertheless, recognizing the potential. AKSH OPTIFIBRE LIMITED is a three decade old company which started manufacturing of optical fibre and optical fibre cables (OFC) in 1994. AKSH went Public in the year.
