

# Cable tray reduction to right-angle bend

## Overview

Cut wires with B-Line Angular Bolt Cutter, bend to create a bend, tee, or reducer. For the best results, use a WB30BC Angular Blade Offset Bolt Cutter with 24" (600 mm) long handles. In need to create an elbow that starts at a right angle and that has the ability adopt the angle of the routing of the cable tray. I have attached a few pictures with examples. Your assistance. Hubbell's NEXTFRAME® Ladder Tray is the effective and widely used cable runway that supports and delivers bundles of cable between cabinets, racks, and closets, along walls, and suspended from ceilings. The Ladder Tray features light, rugged, tubular steel construction. When a wire cable tray is cut, the fact that a. Due to popular requests, eVolve contains a group of cable tray families based on the B-Line Redi Rail Cable Tray System. Angle 60°- Check this box to set the angle. in this document have been tested extens ompetent professional en completely installed, without damage either to conductors or structural system use maintain spacing or to keep cables in place when the tray is ect the minimum bend radius for cables as they exit the bottom of the cable tray. A. 4 Turn tray open-side down and cut wires from bottom of tray.
