

Central Asia Optical Cable Upgrade

Overview

Kazakhtelecom JSC and Azertelecom LLC plan to invest over \$50 million in a joint venture to lay 370 kilometers of fiber optic cables under the Caspian Sea, boosting connectivity between Europe and Asia as part of the Digital Silk Road project. Government-led broadband projects across markets in the Asia-Pacific region have reaped the fruits of success in recent years as optical fiber networks reach most households. 1% share of. YOFC Science Park was launched, and the foundation of YOFC Qianjiang Science Park was laid; optical fibre and cable plants were successively established within a year in Lanzhou, Shenyang, and Hangzhou, completing the capacity layout in Central Asia, Northeast Asia, and other regions. Kazakhstan, Uzbekistan, and Mongolia are the dominant consumers, collectively accounting for a significant majority of regional consumption. In trade, Kazakhstan. Yuyao Jera Line, a leading global manufacturer of cable infrastructure solutions, has earned a strong reputation for delivering reliable fiber optic cable products and comprehensive solutions to meet worldwide demands. This extensive network has positioned China as a global.
