

Convenient Optical Cable Laying Reel

Overview

OptiReel is a self-contained payout box to facilitate storage, handling and pulling of cables. The packaging greatly reduces set-up time for each pull. Fiber optic cable reels are mainly used to wind optical fiber, signal lines, power lines, etc. The design of the stretch rod and wheels makes it easy to move, and the easy-grip handle on the top allows us to lift it. Cable drum made of sheet metal with auxiliary spool for storing and safely transporting all types of lines and wires. It is ideal for using in communication, broadcast and pro audio applications. Therefore, the box is ideally suited for cable pulls through building duct systems, walls and ceilings where multiple cables may be pulled together. Hannay offers durable, dependable cable reels to protect expensive fiber optic cable, broadcast cables, camera cables, audio cables and more.
