

Core Switch Industry

Overview

According to our latest research, the global core network switch market size reached USD 12. 6 billion in 2024, demonstrating a robust expansion driven by the escalating demand for high-speed data transmission and reliable connectivity across enterprises and service providers. The market is. There are different types of enterprise switches that perform various roles in these layer-based or hierarchical ethernet networks. The hierarchy Ethernet network. Core Switches by Application (Metropolitan Area Network, Campus Network, Data Center, Other), by Types (Modular Core Switches, Non-modular Core Switches), by North America (United States, Canada, Mexico), by South America (Brazil, Argentina, Rest of South America), by Europe (United Kingdom. Segments - by Product Type (Modular Ethernet Core Switches, Fixed Ethernet Core Switches), by Port Speed (1G, 10G, 25G, 40G, 100G, Above), by Enterprise Size (Small and Medium Enterprises, Large Enterprises), by Application (Data Centers, Campus Networks, Service Provider Networks, Others), by. The Core Switches Market Size was valued at 6. 03 USD Billion in 2025 to 12 USD Billion by 2035.
