

Does Venezuela have fiber optic cable projects

Overview

Venezuela has received a significant boost to its telecommunications infrastructure, as the state of La Guaira received crucial production materials for a fiber optic factory, a project that Iran and Venezuela are jointly establishing. As part of the bilateral cooperation between Venezuela and Iran, this week a shipment of materials and supplies. The governor of La Guaira state, José Alejandro Terán, and the minister of Information Technology of Iran, Seyed Sattar Hashemi, at the signing of agreement on the establishment of a fibre optic factory in Venezuela, September 2024. He highlighted that the project will generate new sources of employment, diversification of exports and new technological inputs for the country.
