

Dual-core fiber optic network cable patch cord

Overview

The dual-core Uniboot patch cord integrates two optical fibers into a 2.0mm optical cable, enhancing the cable management capacity of the pre-terminated system. But when is it really the right time to use them?

This guide walks you through exactly when, where, and why multi-core jumpers outperform. Get low-loss fiber patch cables & cords with various connector options that support fiber optic cabling up to 400G. Optical fiber connection between patch panels, connection between patch panels and peripheral equipment. The Corning Quick Connect program offers a 2-day lead time for our EDGE Uniboot Jumpers, with a 90% delivery guarantee. They are available in multimode (OM1, OM3, OM4, OM5) and single-mode (OS2) fiber types, with a range of SC, ST and LC connectors.
