

European Distribution Box Control Box

Overview

Distribution Box: Handles main supply voltage (220V-690V) with current ranging from tens to hundreds of amps. Manufacture custom made Local Control Stations & Distribution Boxes, local control panel boards and stations, explosion protected control units, distribution. Commonly used in low-voltage applications such as CCTV, communication, and solar panel wiring. Available in various IP-rated enclosures (IP54, IP65, IP67) for dustproof, waterproof, and outdoor use. Prevents corrosion and ensures reliability in harsh environments. The range of applications extends from pure energy distribution in buildings to building automation and through to industrial plants. SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS. If you lay cables, these must also be distributed. What do you need?

By checking the box, you consent to the collection and storage of the data you provide for the purpose of.
