

Fiber Optic Panel Mounting Fusion

Overview

Fusion fiber optic splicing provides a permanent fusion connection between fibers and offers a lower insertion loss versus mechanical splicing.): Choose OneCorning has a wide variety of hardware solutions to choose from to fit your cabling needs. Choose from racks, panels, modules, splice trays, ethernet fiber switches and other structured cabling components. Corning has a variety of hardware solutions including ethernet fiber switches, panels, racks. Optical Connectivity 1 High-Capacity Mass Fusion Splice Cabinet Rack Mount Our compact, high-density, indoor Mass-Fusion Rack-Mount Splice Cabinets are perfect for data center interconnection applications. They are designed to provide a transition point between high-fiber count outside plant (OSP). The fiber optical splice tray for FHD® (FS High Density) series rack mount enclosure shall house and protect fiber optic splices, guarantee proper fiber cable management and bend radius control, and allow for clear labeling and logical organization of the fiber optic splices.
