

German manufacturer of optical fiber grating sensing systems

Overview

FBGS is a Germany / Belgium based developer and manufacturer of high strength Fiber Bragg Gratings (FBGs), Interrogators, Sensors and custom-made fiber optic sensing solutions. AOS offers a number of telecommunication devices and optical Bragg grating sensor products. This automated process results in very high quality, cost effective Fiber Bragg Gratings. Advanced Optics Solutions (AOS) GmbH is an experienced manufacturer of fiber Bragg gratings and grating related products, such as DWDM filters, tuneable filters, wavelength lockers, ASE filters, and a lot of other scientific products; in small, medium, and large quantities. We develop, manufacture and distribute sensor systems for biological and environmental applications, for biotech & pharma, medical & life sciences, the food & beverage industries and for industrial and technical applications.
