

How much does 20 meters of cable tray cost

Overview

Steel trays typically cost between \$5 to \$25 per meter. They are strong, durable, and widely available, making them ideal for general-purpose electrical installations in residential, commercial, and industrial settings. The main cost driver is the material used in manufacturing: Galvanized steel is the most common. The price is based on standard length of the cable tray which is 2. We want to improve this website so we need your help. Please send us your recommendations, suggestion, and request. 2 Why is Conduit So. What is the cost of cable tray per meter?

₹ 125/Meter An Electrical Raceway Cable Tray is a structural system used to securely support and manage electrical cables and wires in buildings or industrial installations. Our products are made of high quality materials and come with free delivery on orders over £100.
