

How much does it cost to splice one core of a drop fiber optic cable

Overview

For most commercial projects, expect to pay \$50-\$150 per fusion splice point - but that number can swing in either direction based on the factors below. Fiber optic splicing costs vary widely depending on project size, location, fiber type, and site conditions. I don't know if that's usual but the ranges are : 1-24 splices 25-72 73-144 144+ Guys that are paid similar to this scale, how much should I be getting paid per range?

Thanks I usually bill T&M, but it works out to about \$175-250 for. A single fusion splice may be something like \$. Understanding these factors can help businesses and individuals budget effectively for fiber optic. The cost of fibre splicing is significantly influenced by the equipment and tools needed for the process. (Boksburg) Accommodation & SNT will only come in affect if the team must stay over to complete a site.
