

Lithuanian quality-assured 12-core fiber optic splice box

Overview

The 12 port fiber distribution box is capable of housing 12 sc adapters and 1 pc 1:8 splitter, supporting 12 cores termination and max 1:8 optical splitting. Anti-theft lock provides extra security, two layer design for easy operation and fiber management, protection up to IP65. It integrates optical fibre splicing, splitting, distribution, storage and cable connection in the wall mounted fiber box. How can I pay for my order?

We accept T/T. The HAILE 12 Optical Fiber Terminal Box P1-12-LC is a premium, high-capacity fiber optic management solution designed for 12-core LC connections. This full configuration cable pigtail splice distribution frame provides a secure and organized method for fiber optic splicing and termination, ensuring. Supplier highlights: This supplier is both a manufacturer and trader, offering quality control and full customization as well as design-based customization services. Customized logo (+ from +\$0/piece/Min. Meanwhile, it provides solid protection. 12 Core Fiber Optic Tray are designed to provide a location to store and to protect the fiber cables and the splices.
