

Modular energy storage cabinet 100kWh for use in photovoltaic power plants

Overview

High-capacity 100KWh air-cooled and liquid-cooled energy storage cabinet with modular design for industrial and commercial applications, ensuring efficiency and security. Energy Cube 50kW-100kWh C&I ESS integrates photovoltaic inverters and a 100 kWh energy storage system. Featuring. no circulating current, safer for use. It has an IP65 high protection level and corrosion-resistant materials, and is suitable for harsh conditions such as high temperature and humidity. It adopts intelligent temperature control and modular structure. HighJoule 100KWh outdoor industrial and commercial energy storage system HJ-G20-100F/HJ-G50-100F; HJB-G20-100F/HJB-G50-100F, integrated LFP/semi-solid battery, intelligent air cooling, millisecond-level off-grid switching, support microgrid/photovoltaic/backup power scenarios. It adopts modular PCS for easy maintenance and expansion.
