

Moxa switch poe

Overview

We provide a wide range of PoE/PoE+/PoE++ switches with up to 90 W output per port to deliver high-speed data transmission while powering high-power devices over long distances. With an industrial-grade design, our PoE switches provide surge protection of 4 kV per LAN port. Additionally, Smart PoE. The EDS-4008 Series features 8-port managed Fast Ethernet switches with options for four 1 Gbps uplink ports or two 100M fiber-optic ports. Designed for high performance and reliability, Moxa switches provide secure, stable connectivity in harsh environments - from factory floors and energy facilities to. Moxa has launched the EDS-4000/G4000 Series, the world's first IEC 62443-4-2 compliant industrial Ethernet switch to be certified by IEC 62443-4-2. The EDS-4000/G4000 Series is the all-new futureproof layer 2 Ethernet switch, featuring IEC 62443-4-2 certified security, advanced UX, as well as high. As the go-to expert in industrial PoE, Moxa delivers a comprehensive and growing range of PoE switches and accessories, ensuring reliable power sourcing and seamless connectivity. With the rapid adoption of AI, IIoT, and data-driven technologies, the demand for PoE powered, robust edge connectivity.
