

Multi-protection waterproof distribution box

Overview

(1) Waterproof distribution box engineered for harsh outdoor and industrial environments, providing IP65-IP68 sealing against dust, rain, and UV. Available in 4-39 ways, single/double/triple layers, ideal for industrial, commercial, and photovoltaic applications. Meet IEC standards for reliable electrical protection. Built with durable materials, CE & ROHS certified. Contact us for custom solutions! The waterproof db box represents a critical infrastructure component designed to protect electrical distribution systems from environmental hazards while maintaining operational reliability. This sophisticated enclosure system serves as the primary barrier between sensitive electrical equipment and. Selecting and installing the right protective enclosure ensures long-term electrical safety in demanding environments.
