

Norwegian DAC High-Speed Cable 10G

Overview

The AMG SFP-DAC-10G series are industrial high speed Direct Attach Cables (DAC) offering transmission of 1Gb or 10Gb Ethernet data using passive Twinax cable technology over distances from 0. Ensure high-speed data transfer with the HPE Networking X240 10G SFP+ SFP+ 5m DAC Cable. Reliable, efficient, and ideal for seamless network connections. Built with twinax copper cabling and integrated SFP connectors, these cables eliminate the need for separate optical transceivers, reducing both cost and complexity. These cables offer a cost-effective and efficient solution for short-distance connections within data centers, storage area networks, and. DACs are widely chosen by data centers for connecting servers to the Top Of the Rack (TOR) switch as they are passive, consume zero power, have the lowest latency and cost-effective. 10Gtek offers a wide. The Digitus® SFP+ 10G DAC cables are the ideal connection between switches in the backbone area. 21 Gbps), 10G fiber channel (10.
