

# Optical Cross-Connect Box with 144-Core Fiber Direct Fusion

## Overview

Robust modular construction Available with Lock & Keys Maximum 12 splice trays (144 fibers) Protection class IP65, imposable cabinet body with high intensity and anti-erosion performance. It is able to counter abrupt climate change and influences of extreme environment. SEESUO 144-218 cores cabinets are suitable for optical transmission network and the optical access network, to realize the connection and dispatch of the trunk optical cable and distribution optical fiber. Optical Cross Connect Cabinet is also used for the housing of fiber optic splitters in outside plant applications. Request a quote or download specs. Telhwa's 144 cores fiber cross connect cabinet delivers exceptional density and. This distribution cabinet can be matched with 12pcs 12-fiber pigtails and 144pcs SC/ST/FC simplex adapters or 72pcs LC duplex adpters as a complete sets.
