

San Marino FOB Fiber Optic Fusion Splice Box 4 Cores

Overview

#07437 » Fiber optic splicing metal box for 4 adaptors SC simplex, LC duplex or E2000. All products' documentation is published in PDF (Portable Document Format), which requires Adobe Reader (ver. 5 and newer) software for viewing. The plastic box offers the functions of fiber mechanical/fusion splice, splitting, and distribution suits both indoor and outdoor. Splice boxes, also known as fiber optic splice enclosures or fiber splice closures, are essential components in fiber optic networks. The 4 port FTTH termination box is a professional enclosure designed to provide a reliable and efficient fiber termination solution for indoor fiber-to-the-home applications. It serves as an indoor fiber outlet, connecting drop cables to end-user devices and ensuring stable, high-speed optical. The fiber optic splice module (FOSM) shall house and protect fiber optic splices, guarantee proper fiber cable management and bend radius control, and allow for clear labeling and logical organization of the fiber optic splices. The FOSM shall support 24 fusion splices or 12 mechanical splices in.
