

Senegal Micro Module IP68

Overview

The world's smallest AS-Interface module with IP68/IP69K protection needs no more than 8 cm³ for each I/O. The one-piece enclosure mounts quickly and securely using a single stainless steel screw. Just 20 mm high, it easily fits in cable duct. Optotec MAX splice closures are ideal for FTTH Distribution / Local Cable to Cable splicing Distribution / Local Mid-Span Access and also Customer Drop Splicing including the integration of passive optical devices. The MAX closure system has been specifically designed for applications where space. μ Cooling™ delivers hyper-local, targeted airflow exactly where heat is generated, directly at the processor and other critical components, to manage heat. The R95C is an IO-Link device hub that. We are suppliers of all type of IP68-waterproof-snap-action-switch in Senegal moved in industry for good sales, we've IP68-waterproof-snap-action-switch in Senegal type and specification's that will suit our customer's satisfaction. Extreme Bright LEDs Customized Phillips LEDs and high transparent make the lamp achieve an unmatched 210LM/W efficiency.
