

Singapore Telecommunications Data Center Construction

Overview

Singtel has broken ground on a new data center in Singapore. The company this week announced it has commenced the construction of a new facility, known as DC Tuas, following a groundbreaking ceremony with Infocomm Media Development Authority's (IMDA) chief executive Lew Chuen Hong. Singapore Telecommunications (Singtel) (SGX:Z74). Singtel's next-generation Tuas data centre will be the group's largest, with a capacity of 58MW. Mr Lew. The Singapore Data Center Construction Market Report is Segmented by Tier Type (Tier 1, Tier 2, Tier 3, and Tier 4), Data Center Type (Colocation, Hyperscalers/Cloud Service Providers, and Enterprise and Edge Data Center), Infrastructure (Electrical Infrastructure, Mechanical Infrastructure. Singtel has started the construction of its largest, and Singapore's highest power density, hyper-connected green data centre – DC Tuas, offering 58 MW of IT load capacity.
