

# Sp30 distribution box

## Overview

The L&T (Lauritz Knudsen) Single Phase (SPN) Distribution Box, IP30, DBSPN0\_\_SD Series, is designed for efficient and secure electrical distribution in single-phase systems. With an IP30 rating, it provides protection against solid objects larger than 2.5 mm, making it suitable for indoor use. The fuse boxes of the DISBOX-DA series have a protection class of IP30 and are made of halogen-free styrene. The DA series is characterized by an open design, which allows the user to access the internals at any time. While other series use additional doors and optional security locks, here they do not. Various versions of distribution boxes, a large selection of materials, voltage ranges, rated currents and IP protection types / protection classes for indoor and outdoor use, as well as a wide range of accessories and tools such as WAGO plug-in terminals, crimping tools, cable ties, wire end. Wall-mounted distribution board, plastic box with DIN rail and 72 modules. 5 mm, making it suitable for indoor use. Stackable box with fixing lugs for screw and nail attachment.
