

Subway Armored Pigtail OS2

Overview

This is a high-quality singlemode OS2 9/125 μ m fiber optic pigtail featuring LC/UPC connectors. Built with premium zirconia ferrules and durable composite hardware, these pigtails deliver excellent optical performance, durability, and consistency for modern network applications. Fiber Optic armored pigtails are with stainless steel tube inside the outer jacket to protect the central unit of the cable, so they will not get damaged even they are stepped by an adult and bit by rodents. Various cable lengths, jacket materials and connectors are available. Please note: E2000 is. This product has multiple variants. The options may be chosen on the product page. Individually packaged in a plastic bag. Insertion Loss We carry FO pigtails with a length of 2. Designed to provide connectivity between the HFC node and the fiber cable trunks in existing HFC n+x (amplified) and now in fiber-deep n+0 (non-amplified) networks, our CATV node assembly enables the operator to configure the system with stubbed or pre-connectorized cables dropped at the node. The OS2 Singlemode Simplex LC/SC/FC/ST Armored Fiber Optic Pigtail from FiberLife is designed for reliable and durable fiber terminations in demanding network environments.
