

The company with the most telecommunications towers

Overview

State-owned China Tower, the world's largest tower company with 2.15 million towers at the end of 2025, operates within China. The global telecom towers market, valued at USD 29.84% CAGR (Mordor Intelligence, 2025). Telecommunications tower companies are the backbone of 5G networks, urban connectivity, and smart cities, providing monopole towers. Globally, the top 100 cellular tower companies own and operate over 1.7 million sites that host shared telecommunications infrastructure. With rapid advancements in technology, this industry is undergoing transformations driven by 5G deployment. Inside Towers Intelligence conservatively estimates there are 4. This business structure separates asset ownership from service provision, underpinning the rapid expansion of wireless networks globally.
