

The only fiber optic cable company in China

Overview

YOFC is the only optical fibre and cable provider in China that was included in the Ministry of Commerce's list of the first batch of national supply chain innovation and application demonstration cities and demonstration enterprises. As of November 2025, China's fiber optic market is valued at over USD 10 billion, accounting for more than 50% of global. YOFC Science Park was launched, and the foundation of YOFC Qianjiang Science Park was laid; optical fibre and cable plants were successively established within a year in Lanzhou, Shenyang, and Hangzhou, completing the capacity layout in Central Asia, Northeast Asia, and other regions. We. This article will introduce the leading enterprises in China's optical fiber cable industry, revealing how they have secured a place on the global optical communications stage through profound technical expertise, continuous innovation, and forward-looking strategic planning. A large market potential, supportive government policies, and a network of industry suppliers and academic researchers create a perfect storm of conditions for growth and innovation. Manufacturers with the best quality and certifications.
