

# UK Tunable Optical Module SFP

## Overview

Buy MSA-Compliant, 100% compatible SFP Transceivers, DACs, AOCs, Media Converters & more, with next day delivery from a UK warehouse with great stock levels. The Lumentum tunable SFP+ module is a high performance tunable pluggable transceiver for use in the C-band window covering 1528 nm to 1566 nm. 3 Gbps and is provided in an SFP+, MSA-compliant package. The optical transmitter utilizes the Lumentum. Connecting 1G to a 10G Switch - Yes it can be done. The Jisc Framework supports digital solutions for UK education and research, delivering vital infrastructure and shared services. Recently, the use of wavelength division multiplexing (WDM) in mobile front-haul networks has attracted attention because of the advantages of wider bandwidth and reduced use of optical fiber. Our products are picked & packed by our British warehouse team.
