

What is SMC cable tray

Overview

Our SMC Cable Trays provide a robust and reliable solution for cable management in railway systems. SAI METAL CRAFT MSME registered company (Iso certified 9001:2015) has been serving customers since 2011. Established with collaboration of businessmen and well qualified engineers with the basic motive of manufacturing high grade quality of cable trays and raceways & multiple other complimentary. Kaerda (Jiangsu Lantai) engineers its SMC Cable Tray systems to overcome the inherent limitations of traditional materials like sheet metal, thermoplastics, wood, or concrete, especially in demanding outdoor and industrial applications. But these traditional materials are not staying long in outdoor applications like subway, train, or power stations because of chemical corrosion, UV, acid rain, or dusty wind. High Load-Bearing. There are several types of cable trays, including ladder, perforated, solid bottom, basket, and channel trays. What is Cable Tray?

A cable tray is a unit, or set of units. The SMC Cable Tray is classified under our comprehensive Cable Tray range. Opt for factory-direct pricing or OEM deals to save costs and ensure your system meets specific requirements for.
